Gold Hoard Stolen From County Charity Family Is Recovered

Theft of a gold hoard of $1,220 stored in a fruit jar, caused a family at Selby Flat, which has been receiving county aid to appeal to Sheriff George Carter for the recovery of their hoard.

Mr. and Mrs. Rudolph Younkers, who complained of the theft had been receiving $10 per month in county aid. With them lived Mr. and Mrs. Joseph Harvey and two young children.

Sunday night Younkers went to the barn as usual to milk his cow. He missed the fruit jar with its gold treasure inside, which he had set on the shelf in plain sight, some fourteen years ago after withdrawing his savings from the old Citizens Bank in anticipation of making a business deal which fell through.

Younkers completed his chores and Monday morning reported the theft to Sheriff George Carter. Suspicion pointed to the Harveys. Deputy Sheriffs Jack Nettle and Willam Rickard visited the Younkers home and brought the Harvey family to the court house, in the meantime sending out for Probation Officer A. W. McGagin. Unable to find him, they finally permitted the Harveys to return to the ranch but notified Younkers to keep a close eye on their movements.

Harvey, who is employed at the Murchie mine, ostensibly, went as usual to work Monday, his family driving him over. But they never reached the Murchie mine. They took the road to Truckee instead. Sheriff Carter had anticipated this attempt to escape, and traffic officers and constables along the route took up the chase. Making a desperate effort to avoid Truckee by taking a round-about road, the fleeing Harveys were detected by Charles Barret, traffic officer, who closely pursued them. Hard pressed the Harveys heaved the money, in two packages, out of the car down a small embankment alongside the road. One lot of gold was tied up in a red silk handkerchief.

The discovery of $20 gold pieces in the handkerchief followed very shortly when Charles Sigmund of Truckee, on his way to work saw the red bundle and picked up several hundred dollars and immediately began paying off debts.

The secret of his new found wealth was soon out and a gold rush followed. Deputy Sheriff Jack Nettle, however, succeeded in collecting $1,120, all but about $200 of the stolen money, and will hold it pending results of legal proceedings.

The Harvey family, father, mother and two little children, a boy aged 12, and girl nine years old, are detained in the county jail. Mrs. Harvey has sent for her sister, who is expected to arrive today and take charge of the children, while the parents wait on legal proceedings. So far as known the Harvey family has never been in trouble before. Mrs. Harvey has relatives in Nevada.

TO SINK PHOENIX SHAFT 300 FEET

Sinking 300 feet below the old 100 foot shaft at the Phoenix mine below Grass Valley, is progressing at a satisfactory rate as they are now down about 35 feet.

Mr. Davey is superintendent of the company and Glennon and Bierbaum were awarded the contract of sinking the shaft. They have a crew of 12 men employed.

BELLE UNION MILL TEST RUNS $17 A TON

From the Frances Belle, also known as the Hussey mining property, in Willow Valley comes the good word that a test run of ore at the Golden Center mill in Grass Valley averaged $17 a ton.

Thomas Coan, who has a lease on the property has been drifting east on the vein at the 190 foot level and has stoped some very good ore. He stated the property is going strong and he plans to start systematic development of the property. He hopes to make it another rich producer for the Nevada City area.

MEASLES EPIDEMIC HITS ROUGH AND READY

ROUGH and READY, May 25—Rough and Ready school closed Wednesday, May 24, for the summer vacation.

On Sunday, June 4, all the residents of Rough and Ready, will attend a camp stew and school picnic.

An epidemic of measles has visited the school, seventeen being out.

SMALL BOYS, OLD AXE, AMPUTED FINGER

Little Leland Smith, who was playing with a neighbor's small boy Monday afternoon, had the misfortune to have his middle finger of the right hand cut off above the second joint.

The children were making a trail to a spot for a play house, when they found an old rusty ax in the tall grass. They immediately started cutting small sticks on a log with Leland holding the stick. The other boy's aim was poor and he accidentally cut the Smith boys finger off.

He was making a satisfactory recovery from the injury.

BEER DEALERS LICENSE FEES ARE COLLECTED

The city council has granted 10 "off sale' and 12 "on sale" licenses to sell beer. The "on sale" licenses refer to sales of beer consumed on the premises, and the "off sale" licenses to sales of beer, usually in bottles, to be consumed off the premises of the licensees. In some cases licenses for both were taken out by the same person or firm. Chief of Police Garfield Robson was busy yesterday collecting the license fees of the beer dealers.

Monday evening the city council canvassed the vote cast at the election May 15. There was no change in the total vote, except that an absent voter cast his ballot against the swimming pool, making the total 209 for diversion of the swimming pool fund and 326 for its retention.

REV. PATTERSON GIVES IMPERSONATIONS TONIGHT

Rev. Robert Patterson, of the College of the Pacific, is giving a program of impersonations in the Methodist church this evening.

Mr. Patterson comes highly recommended, and the evening should prove a treat. There will be no admission charge ,but a silver offering will be taken.

Again on Sunday morning Rev. Patterson will impersonate Seth Parker of radio fame, leading in the singing and having charge of the services. All of those who enjoy those pleasant old time services of Seth Parker over the raido, will enjoy hearing Rev. Patterson.

U. S. MINES BUREAU OFFICER AT ALLEGHANY

Mr. C. L. O'Connel who is connected with the U. S. Bureau of Mines has been in the Allenghany district demonstrating mine rescue work to the mining people there. Previous to coming to Alleghany Mr. O'Connel was in Jackson. He expects to leave Alleghany sometime Friday for North Bloomfield. When his work is finished there he will go back to Seattle, Washington, which is his home. Mr. O'Connel is accompanied by his wife and small son. This is Mr. O'Connel's first work in California. He has worked in many parts of the U. S. and is working with Mr. S. A. Ash of Berkeley, California, who is the district engineer of the west.

NEVADA CITY TO SHARE IN NEW HIGHWAY FUND

By THOMAS B. MALARKEY

SACRAMENTO, May 25—(UP)—Hundreds of thousands of dollars will be made available for street work inside California incorporated cities by vortue of the passage of the so-called "6,600 mile" road bill.

MALARKEY

City delegations in the legislature—particularly Los Angeles —managed to have inserted in the bill a provision that municipalities would receive a quarter of a cent per gallon of the gasoline gas tax fund.

The share of Nevada City will be approximately $1,109 according to present estimates of the state highway department.

The measure specifies thatthis money shall be expended primarily for the acquisition of rights-of-way within the incorporated cities or for construction or maintenance and improvement of state highways within the municipalities. However, if there is still a surplus existing after these functions have been met the funds can be used "for the acquisition of rights of way, or the construction, or maintenance or improvement of other streets of major importance."

Metropolitan delegations of the legislature tried to obtain a half-cent gas tax for municipalities and also wanted the disbursement of the money to be handled solely by boards of supervisors. The quarter-cent allocation with the department of public works administering the fund was a compromise.

The department can, however, delegate the disbursement of the funds to the municipality's legislative body. And that, in most cases, is precisely what the department plans to do.

The major part of the bill provides for inclusion in the secondary state highway system approximately 6,600 miles o fexisting and contemplated road throughout the length and breadith of the state. The state will take over the maintenance and repair of these roads, thus relieving the county of that duty. Practically every county in the state is benefited by the measure.

SCION OF PIONEERS DIES AT SAN JUAN

Fremont Woods, kindly and well beloved resident of North San Juan, passed away Wednesday night at 10 o'clock at the Henry Huckins home in that community.

Woods came of a pioneer family. He was 73 years of age, the son of the late Mr. and Mrs. James Woods of Sweetland, where he was born. He is survived by a brother, Frank Woods of Sweetland, a wife, Mrs. Fremont Woods of Idaho and four children, two sons and two daughters, all of whom reside in that state. Two nephews, Frank and Walter Woods of Idaho also survive him. Practically all his life was spent in or around North San Juan. The last twenty six years of his life he was employed by Henry Huckins of North San Juan.

Woods was undersheriff of Nevada county in 1880 under Sheriff Thompson. When the Coleman interest owned the Idaho-Maryland mine, he was specimen boss. At various times he was mine forman. At one time occupying a responsible mining post in Idaho.

Funeral services will take place this afternoon at Sweetland. He will be interred in the family plot there.

BUILDING GAINS IN ALLEGHANY

Increased building activity, providing work for many men, has started in Alleghany.

Several new residences are being erected and a new hospital is being planned by Dr. Wallace B. Hardie. So great has been the demand for building materials that Bert Sutcliffe plans to open a branch lumber yard here on the first of June.

The new hospital will be erected on the site of the home and hospital of Dr. Hardie, which was burned to the ground last winter. Dr. Hardie plans to install modern hospital equipment and fixtures in his new hospital ,which will also serve as his home.

Carl Johnson was among the first to begin work on a new home. He is building a bungalow on the site of his old home, which he tore down recently.

Mr. and Mrs. Jack Pollard, whose home was destroyed by fire last winter, have completed plans for a new modern home. Work on the foundation has already started.

Two new cabins and a three-room dwelling are being planned by J. Fagan for the southern part of Alleghany. Fagan said he will start construction immediately.

Rich Gold Strike At Oriental Mine, Alleghany

The Oriental mine at Alleghany, which has been financed and operated by a small group of San Francisco investors, yesterday reported a sensational strike of high grade ore in the development raise from the 1300 foot level.

This mine has a production record of $3,000,000, and it is a part of the record, that a single enrichment in of high grade ore taken from an area of 14 by 22 feet, produced $752,000. This according to Government reports.

The mine is fully equipped and is opened by a cross cut tunnel which gives over 1300 feet in depth on the ore chute.

At the present moment the extent of this particular enrichment is not known but it is estimated that it will easily run into several hundred thousands dollars. The ore is almost pure gold and is being shipped directly to the mint without treatment, although the mine is equipped with mills and all facilities to treat the lower grade ores.

EMPRESS MINE SHAFT SOON DOWN 1,000 FEET

The Empress gold mine is now down 900 feet on the proposed 1000 foot shaft, having made 100 feet since the first of May.

At the 700 level the ledge is 18 feet wide and the ore runs over $14. to the ton.

At present they are sinking in the foot wall in good ground and fine progress is being made.

The mill has been closed down for about three weeks or since sinking operations started about May first.

Ed C. Jacobs is superintendent of the Empress mine.

FERRY BROTHERS ARE ACQUITTED BY JURY

Ray and Walter Ferry, accused of grand theft, were tried before Judge Raglan Tuttle yesterday, and the jury acquited them. They were defended by Attorney E. H. Armstrong of Grass Valley. Deputy District Attorney Robert Tharp conducted the prosecution.

Evidence introduced was sometimes conflicting. The two were accused of stealing a battery from the shop of F. M. Peters, who called to the stand, identified the battery. The defense called A. W. Mosburg of Roseville, who stated he had sold the battery to Ferry. The defense was also able to produce several witnesses who swore to alibis for the two brothers.

The jury trying the case consisted of: Robert J. Bauer, George C. Hargrave, W. E. Bolander, Frank Ducotey, Mrs. Mary J. Kelfer, James P. Grandbau, W. P. Fox, Charles Osborn, Arthur Bone, Fred Webbet, Frank Clark, John Foss.

TRAPPED GOAT STARVES COYOTE KEEPS VIGIL

CAMPTONVILLE, May 25—A few days ago the family goat of A. H. Hamilton, staked out in the pasture, broke away and wandered into the forest, with tie rope dangling. Everyone kept a watch for the animal but several days passed and not a sign of it could be found. Finally, the blatting of the creature was heard by Constable A. H. Behrens at his home on Oregon Creek, and Arthur Yturriaga, of San Francisco, who was spending a vacation there, mounted the hillside and found the animal, with the tie rope fastened to a bush, imprisoned. It had been there several days and without anything to eat, was in a famished condition, and a short ways from it a coyote was watching, and would have soon have had it as its prey. Ytruggiga lead the goat back to town and it is now safely in a pasture again.

FLAGS AT HALF MAST FOR LATE GEO. COUGHLAN

Funeral services will be held this morning for the late George D. Coughlan, former clerk of Nevada County, who passed away Tuesday night in his home in this city. Death followed a short illness of two weeks caused by heart trouble.

A requiem mass will be said in the Catholic church at 10 o'clock, the Rev. Father P. O'Reilly officiating. The obsequies are under direction of the Holmes Funeral home.

Mr. Coughlan held the record for filling public office, having been county clerk for 24 consecutive years. He was a native of this county, born at Fall Creek in Deadman's Flat. He was educated in the local schools, later graduating from Healds Business College in San Francisco. His public career began as city assessor. From that office he rose to justice of the peace of Nevada City, holding the office for eight years, before he became county clerk.

He had been a member of the Elks Lodge No. 518, Nevada City for 24 years and a member of Hydraulic Parlor No. 56 Native Sons of the Golden West, for many years.

Flags over the court house and the Elks building are flown at half mast in honor of his memory.

Surviving are four sisters, Mrs. K. McCormack, Mrs. Margaret Smith, Mrs. Ida Rafter, all of Nevada City; Mrs. Mary O'Brien of Redlands, California, and two brothers, William and Edward Coughlan of Nevada City.

GOLD MINING SHARES IN STEADY ADVANCE

The upward trend in the stock market is seen in all gold mining shares.

The following Nevada county mines listed on the stock exchange show a marked advance.

On March 29 West Mines Corporation shares sold at 17 cents, and last Saturday they were selling at 46 cents.

Idaho-Maryland was up from $1.80 to $2.20 last Saturday.

The Empress of Newtown west of Nevada City has risen to 50 cents a share as against 30 cents a month ago.

FLAGS FOR VETERANS GRAVES NEXT SUNDAY

All members of the local post of Veterans of Foreign Wars are expected to assist in placing flags on the graves of all Veterans of Foreign Wars in the local cemeteries Sunday.

The Post members have turned out in goodly numbers in response to call to clean veterans graves in Pine Grove cemetery the last two Sundays.

Mrs. Will Davis motored to Sacramento Tuesday and attended a farewell dinner given by Mr. and Mrs. Theodore De Witt, in honor of the departure of their daughter and son-in-law, Mr. and Mrs. Wesley Davis, who leave soon for the gold fields of Nome, Alaska.

POWER LINE FOR CALIF. CONS. IN WILLOW VALLEY

A truck load of wire was taken to the California Consolidated Mines Inc., in Willow Valley, Wednesday.

A crew of ten men have been engaged in clearing the mile and an eighth right of way to the mine and it is expected the power line will be completed within a few days.

Lloyd L. Root, former state mineralogist and one of the directors in the new company, is expected up this week to lay out plans for further improvements at the property.

Early in April the Silver Pick Cons. Mines Co., assigned their interest in the Willow Valley group of gold mining claims to the California Cons. Mines Inc.

The directors are: F. F. Morse, L. D. Bacigalupi, G. O. Thomas, C. T. Eastman, engineer; F. H. Arnsburger and Lloyd L. Root.

Phil Folck of Grass Valley is superintendent of the property.

SENIOR PLAY IS GREAT SUCCESS

A large audience enjoyed the annual senior farce given last evening in the Nevada City theater. The play "Believe It or Not," one of the best comedies of recent years, aroused ripples of mirth, and occasional laugh riots throughout the swiftly shifting current of the drama.

Spectators agreed that the members of the cast acquitted themselves extremely well in their several roles and the coaching of Principal H. E. Kjorlie came in for its measure of praise. The cast follows:

Mrs. Pottle .....Ruth Parker
Jane Pottle.....Dorothy Worthley
Gladys Pottle .....Neta Botting
Lena .....Nielen Hansen
Nancy Hamilton .....Ruth Rector
Harriet Follis .....Katherine Celio
Process Server .....John Sbaffi
Norman Follis .....Charles Barker
Cuthbert Jackson ....W. Chapman
The Plumber .....John Hoffman
Health Inspectress ....L. Schreiber
Uncle Silas .....Robert Tucker
Bridget O'Hare .....Carolyn Towle
The Detective.....Delbert Schiffner

TRAMWAY AT SPANISH MINE IS UNDER WAY

At the Spanish mine there is a crew of men working on the barite ore, which is used for paints. There is a vast amount of this that can be mined successfully for several years.

The mill used in the milling of the gold bearing ore is being remodeled at this time. There is also a considerable per centage of silver in the ore of this property, that is recovered with the gold saving process.

The right-of-way for the new two mile tramway has been cleared and all is in readiness to go to work.

A large bunk house is to be built at the property which is located north of the little mining town of Washington.

On May 8, a large shipment of lumber was sold by the Nevada Co. Lumber company of Nevada City, to the mine for the tramway.

ELKS TO INITIATE SIX NEW MEMBERS

Six new members of the Nevada City Elks lodge will be initiated this evening, the first class of initiates under Exalted Ruler Percy V. Carr's administration. The officers of the lodge expect a large attendance at this first initiation of the new term.

CREW OF TWENTY AT GOLDEN FLEECE MINE

Twenty men are employed at French Corral in clearing out the old tunnel in the Golden Fleece gravel mine and in other work preparatory to resuming operations at that place.

Carl T. Larsen, popular garage man ,who operated the Plaza Super Service Station for a number of years, and gave up the lease to Celio and Calanan, early this month, has accepted a position as head pipe man for the Relief Hill Mining Company.

POLITICS

It is looking rather far in the future, but the session of the legisature just concluded, has disappointed so many people, that probably a great many of them are thinking of what should, or can, be done to forestall such a condition in the future. Inevitably that thought eads to men as well as measures.

Leadership in state affairs is sorely needed. The only real leader deveoped in the past two years, has been Ray L. Riley State Controller. Much of his good work has been negatived by the warring forces. The Senate, representing mostly the rural sections, and the Assembly controlled by the State's three big cities, has been at odds, fighting each other and the state administration in turn. The result has been that much legislation that might have helped the entire state has died on the files, has been talked to death, or has finaly reached the Governor's desk to be pocketed.

Of all the disappointments, probably the Governor is the greatest. His name brings gloom in practically all parts of the state. He has ceased to be merely funny, and has become a serious liability politically and economically. One is forced to conclude that eighteen years as San Francisco's mayor, effectually spoiled him as governor of California. There are plenty of reasons for this; one of them is that he has made too many devoted friends who need office.

His administration has been so tempest wracked, what with this and that scandal, what with firing and hiring new heads of departments in vain effort to bring harmony to his offical family, that it would seem impossible that he would desire a second term. That he will again be a candidate of the Republican party, is very doubtful.

At the next State election the Republicans will face probably the most strenous campaign in California party history. Lieutenant Governor Frank Merriam, one of the most level headed men in the state, with a wide grasp, and thorough understanding of California conditions, gained in his long experience in public office, may be the Republican selection to run against the Democratic gubernatorial aspirant.

But the Roph administration has been generally so disappointing that the Republican party, so long in control of California government, will face stupendous loss of confidence a year hence. The fact that so many states have been won by the Democrats, that given a strong Democratic candidate, it would seem altogether likely that that padty will win in November, 1934.

The Republicans could offer either Riley or Merriam as candidates, and providing the Democrats, as is their habit, were unable to rally behind their strongest candidate, either might win.

The Democratic party to win, must do better than to nominate some such perennial candidate, and out-of-date model, as is Justice Wardell. The man chosen must measure up to the need of vigorous and intelligent leadership.

THE PAY STREAK

By H. M. L.

This is just a story, retold of a dog, who saved the life of his mistress:

Mrs. Kate M. Sullivan postmistress of French Corral, nearly a year ago, late one night heard one of her cows lowing outside in a field where the cow ought not to be. She took her flash light and went out to bring the cow into the corral. She found not only the cow out, but several calves. Starting to coax the calves into the enclousure, and looking over her shoulder as she led them on, she stepped on some rotten boards, covering an old well, and fell to the bottom of the well, 22 feet. The well fortunately was dry, for the first time in years.

All night she lay in the bottom of the well unable to move anything but one arm, in desperate pain, several ribs and other bones having been broken. At intervals, she called but no one heard her. She wondered how long she would remain conscious. She thought of whether or not those who eventually discovered her body would be able to recognize her.

At intervals through the night she continued to call.

In the morning, her little dog, Bobbie, released from the house, immediately set out to find his beloved mistress. In no time at all he picked up her trail followed it to the well and there sensing the catrastrophe which had befallen her, set up a doleful howling and barking. Presently he spied a neighbor wending his way up the trail toward the top of a hill. Bobbie rushed up to him, barked and whinned and leaped upon him entreatingly. The neighbor thought Bobbie was merely showing his affection, and walked on. Bobbie returned to the well but almost immediately returned to his friend on the hill ,again leaping about him and whining. The neighbor thought this quite strange. The first time was regular, the second time unusual. So he watched Bobbie saw him return to the well, and followed.

He looked down the well, but could see nothing. Still the boards over its top were gone. Something, one of the farm animals, perhaps, must have fallen into it. The neighbors hearing was bad, and he could not hear Mrs. Sullivan's faint cries for help. But he summoned two young men, who could hear her. They immediately procured a ladder while Bobbie wildly danced and barked in high excitement. Mrs. Sullivan, very faint now and pain weary, was lifted out of the well. An ambulance arrived in due time and Bobbie immediately boarded the vehicle, expecting of course to accompany his mistress. She petted him a little and then Bobbie was taken back to the house and Mrs. Sullivan removed to a hospital.

That was the last time Bobbie ever saw his mistress. Before her arrival ,on the day of her return, Bobbie was killed in an accident.

CREW AT WORK ON REMINGTON HILL MINE

Frank A. Crampton of Los Angeles, who is operating the Remington Hill gravel mine was in Nevada City Saturday.

He has a small crew of men employed and is making good clean-ups of gold.

Mr. Crampton has had a crew of men employed practically all winter drifting in an old gravel channel.

This property is located in the Steep Hollow district east of Nevada City and for a time in the winter, travel to and from the mine was by snow shoes.

DRY REPEAL IN JUNE FORECAST

By MELVIN LORD

SACRAMENTO, May 25—(UP)—On the basis of sentiment as expressed at the polls last November and represented by action of the legislature, California may be expected to vote for repeal of the 18th amendment at the special election June 27.

Given an opportunity to vote directly for an out and out prohibition question, the electorate voted 1,459,835 to 658,351 in favor of repeal of the Wright Act, state prohibition enforcement measure.

In Nevada county the vote on this question was 3,689 in favor of repeal as compared to 1,332 against disposition of the Wright Act.

A further drift toward "wet" sentiment was expressed on several questions acted on by the legislature. Little opposition was expressed against the measure repealing the Jones still act, a companion enforcement measure of the Wright Act.

Both houses also passed a measure providing for a liquor control plan, based on proposition No. 2 which was passed by a vote of 1,308,428 to 730,522 last November and hinges on repeal of the 18th amendment.

By means of the constitutional convention system, California will be given an opportunity again to vote directly on the question of prohibition.

Under this plan one elector favoring repeal of the 18th amendment and one favoring retention of prohibition will be voted on in each congressional district. In addition two "wet" electors and two "drys" will be nominated from the state as a whole for a total of 22.

Following the election a date will be set for the constitutional convention and California's vote will be cast in accordance with the popular vote.

ROLPH POPULAR WITH CONVICTS

SACRAMENTO, May 25—(UP)—Governor Rolph, who can always be counted on to grant one or more reprives to a convict scheduled to be hung, has announced he will "continue to zealously protect to the utmost, the interests of the condemned."

The governor was moved to comment on his policy toward condemned murdersrs, after the anti-capital punishment bill was killed by the senate.

Apropros of his tendency toward leniency, the executive proudly observed "I am the only governor in this state who has ever been inside Folsom and San Quentin prisons. Nothing could ever happen to me there. I am told some of the prisoners—both men and women—have my picture in their cells. They like me because they know I'll do everything reasonable to help them out."

"JUNGLE" DWELLER IS TAKEN TO HOSPITAL

SACRAMENTO, May 25—(UP)—Adolph Von Hindenberg, 104 years of age, denied he was sick when emergency hospital attendants found him in the "jungles" weak from lack of food and medical attention.

"Sick? 'Course I'm not sick. I'm just getting a mite feeble and you're not going to put me in one of them hospitals!"

Adolph, in answer to questions' added that he was born in Germany in 1829 and "haven't been sick a day in my life."

Despite protestations ,he was taken to the county hospital. After a warm meal and a clean bed the aged German admitted "these hospitals ain't such bad places after all."

PLENTY OF OLD CARS

STOCKTON —(UP)— Police are looking for a "practical joker." Someone ran an add in a local paper saying Mr. Spurr, garage owner, wanted 50 old cars to be used in movie scenes. The next morning Spurrs garage was littered with over 75 old cars.

STATE COST OF PROTECTION IS $10,928,351

By MELVIN LORD

SACRAMENTO, May 25—(UP)—It cost California counties more than $10,000,000 last year to furnish protection to citizens and their property, according to a check of expenditures made by Ray L. Riley, state controller.

The exact total of expenditures under the heading "protection of person and property" was $10,928,-.97, a substantial reduction under the $114,237,084.82 listed for these services in 1931.

In Nevada county protection service cost the taxpayers $24,729.01, according to the Riley compilation.

The general protecion heading covers a number of activities including the sheriff's office, constables, county jail costs, county recorder's office, public administrator, inspection services, horticultural commissioner and farm advisor, game wardens, forest and fire protection, and bounties on coyotes, mountain lions etc., and compensation insurance.

Of these avtivities, support of the various sheriffs' offices is the most expensive, totalling $2,896,139 for the 58 counties. Next on the list are expenditures for horticultural commissioners and farm advisors, totaling $1,523,861. The other expenditures in the million dollar class are for county jail maintenance and the care of inmates, amounting to $1,-440,315.39, support of county recorders' offices, $1,279,190.

Comparing these expenditures of 1931 and 1932, the state records show a decrease in most items with the exception of county jail costs, but the greatest saving was made in the reduction in capital outlay or building costs.

Protection costs range from $2,-365.66 for Alpine county to a total of $4,672,566.91 for Los Angeles county. The latter is the only county going overthe $1,000,000 mark. San Francisco, in this case, is not listed as a county.

STATE HIGHWAY SYSTEM TO TAKE ON 6,600 MILES

By MELVIN LORD

SACRAMENTO, May 25—(UP)—While counties generally have reduced local road expenditures, the legislature is on record in favor of measures which will further lower this cost to taxpayers.

A check of disbursements of California counties last year shows that a total of $28,238,240 was spent for highways and bridges, as compared to $30,464,262 the previous year.

In Nevada county highway and bridge expenditures totaled $51,995 last year as compared to $73,297 in 1931, state records show.

Perhaps the measure which will bring the greatest amount of relief to the local road situation is the bill introduced by Senator Arthur H. Breed, Oakland, which calls for the inclusion of an additional 6,600 miles of highway into the secondary road system of the state.

This, the proponents claimed, will materially reduce the county expenditures hitherto necessary for maintenance, and, in a few cases, new construction.

Another measure designed to relieve road staxes will increase the amount of gasoline tax funds allocated to counties, especially to the 20 smallest. This bill, now before the governor along with the 6,600-mile measure, provides that in addition to the $20,000 minimum allowed counties annually ,they will receive a share based on motor vehicle registration figures.

Two other measures looking toward decreased county expenditures for roads, were killed during the latter part of the session.

One of these would have provided for the payment of interest and retirement of county road bonds out of the state's share of gasoline tax funds. This proposal was voted down in the senate.

The upper house also refused passage of a bill which would have repealed the county "40-cent road tax" on the ground it was not necessary since the advent of gasoline taxes.

DOLLAR BILL DOES DISAPPEARING ACT

CAMPTONVILLE, May 25—William A. Lang, proprietor of the Lang Garage and operator of the school busses of the Camptonville Union school district, made a purchase in town Monday afternoon and among the change received was a one dollar bill, which he placed in his pocket and continued his trip with the school children. On his way back from Oak Valley he stopped and talked to a patron on the highway. When he got back to town, his dollar bill was gone. The next day he returned to the place on the highway where he had previously stopped, and there was the dollar bill, in the open pavement, which he immediately reclaimed and returned to his pocket. He returned home, and later discovered that his dollar bill was gone again, and so, with his hands in the air, says he, in despair, "Oh what's the use."

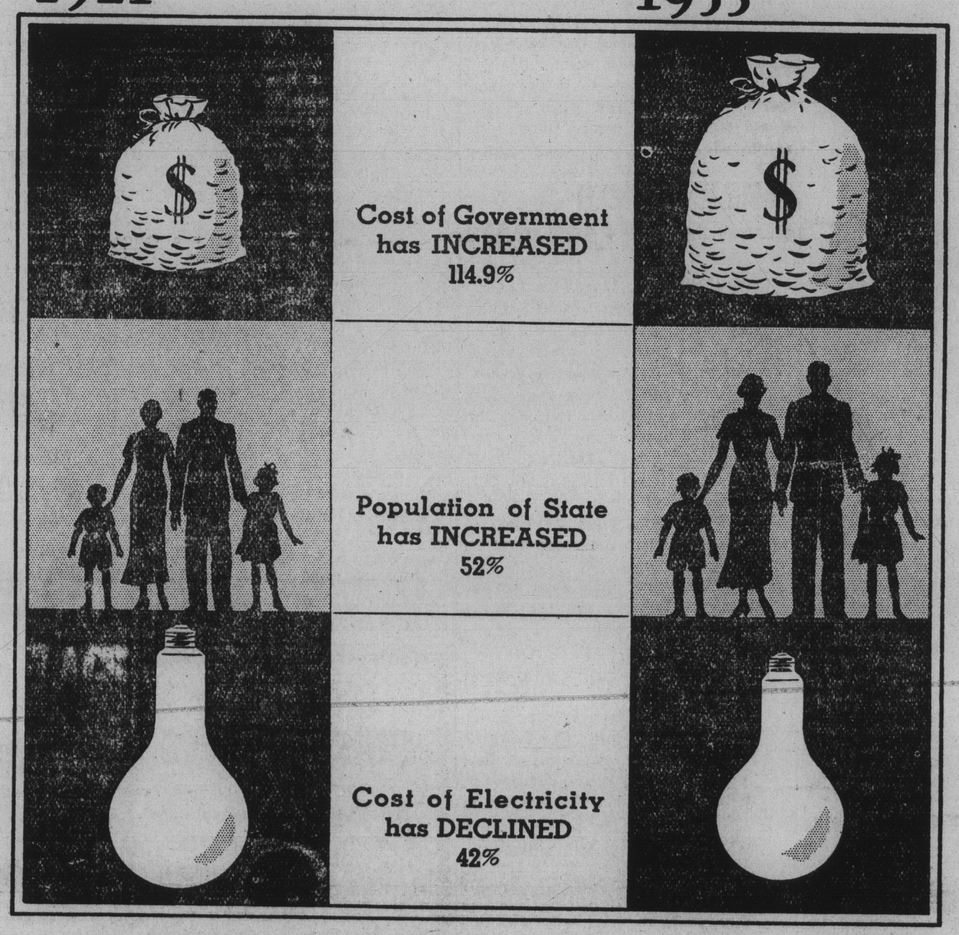
While government costs go up —electric rates go down



1921
1933
Cost of Government has INCREASED 114.9%
Population of State has INCREASED 52%
Cost of Electricity has DECLINED 42%

Here are three interesting pictographs. Every taxpayer should give thoughtful consideration to the timely facts they show.

Every citizen is paying a great deal more for the support of government today than he paid twelve years ago. Of the money you pay for electricity, 11 per cent is tax money for the support of government.

Increase in cost of government has been far out of proportion to the increase in population.

But the kilowatt hour cost of electricity in the home is lower today than ever before.

General living costs are even today 28.5 per cent above the Pre-War Level of 1914; electricity for the home is 25 per cent below that level. Electric rates trend steadily downward. They are still 53.5 per cent lower than general living costs

What! Me pay more money for other tires?

Don't make me laugh!

I USED to judge a tire by what it cost. Last year I discovered that Riverside tires are made of the finest materials by skilled workmen — in one of America's largest tire factories. THE factory that makes millions of tires for America's leading cars. The only important difference between Riversides and other famous tires is price. Ward's prices are 10% lower. What's more, Riversides are guaranteed to give absolute satisfaction.
When I heard that, I put them on my Lincoln and I've been using them ever since.

HE MOVED WITHOUT DIME

SACRAMENTO, May 25—(UP)—"Bunch moves for a dime—no more, no less."

But, he only meant one at a time, Joe Bunch told Police Judge Carragher in explaining his latest "racket." "Y'see, Judge, I stand on the sidewalk in front of someone's place of business and if they give me a dime I'll move away."

The Judge thought Joe, who admitted he formerly made a living by "recovering" old whiskey bottles, was entitled to another "move," so he gave him permission to leave the town—or 30 days in jail.

FAMILIES IN NEED GIVEN LAND PLOTS

LOS ANGELES, May 25—A temporary-back to-the-land movement to provide indigent families with fruitful acres for garden produce moved forward here along a score of fronts.

The initial project now under way at Bellflower will be followed by many others under direction of William R. Harriman, county superintendent of charities.

The Bellflower project involves the use of 30 acres of land divided into small garden tracts, by members of unemployed co-operative organizations. The owner has donated use of the land, and a mutual water company charges only $1 a month for its product.

It is pointed out that thousands of acres of excellent agricultural land are idle and that efforts to induce owners to permit the raising of garden produce by unemployed men and women should prove successful.

"In return for use of the donated land, the workers in the different communities will repair buildings and fences as well as clear the land, thus improving the property before it is turned back to the owners," it was stated .

Because of transportation difficulties it is not planned to utilize land too far removed from urban centers.

12,000 PANNERS PRODUCE HALF MILLION GOLD

To supply the mineral industry with data on the production of gold by small mines in California during the past year, the following information is furnished by the United States Bureau of Mines.

Data recently completed indicates that 12,000 individuals in California in 1932 produced and sold to bullion buyers, to the mint, and to private refiners, 30,880 lots on new gold consisting of gold dust, nuggets, and amalgum. The value of the individual lots ranged from 9 cents to as much as $100 in some instances. This new gold (23,870 fine ounces) amounted to $493,437. The average value of each lot sold was $16 and the average amount received by the prospecors for their labors during the season or the entire year was $41.12. The foregoing figures are compiled by the U. S. Bureau of Mines from records of 94 bullion dealers licensed by the State Mineralogist to purchase gold in California in 1932.

DEPRESSION BRINGS BACK CATTLE RUSTLING

SACRAMENTO, May 25—(UP)—Brought back by unfavorable economic conditions the old-time practice of "cattle rustling" is not going to stay in style if the cattle protection service of the state department of agriculture has anything to say about it.

In recent years more than 20 rustlers have been sent to prison. The latest cases reported by the protection service involved Captain Anton Oreb, master of the fishing boat "Oakland," and Marion Trulich and Mike Andrich convicted on a charge of stealing a steer from Catalina Island.

WIND ETCHES SIGN

FALLON, May 25—An old road sign, etched by 80 years of wind-blown sand until its legend—"Ragtown, 12 miles"—stands out in a Braille relief of nature's own, has been found here.

Originally the sign, relic of the days when Nevada was young and prairie schooners still carried hopeful emigrants across the state to Golden California, bore its legend in bold, painted letters.

The constant beating of sand particles, it is believed, wore away the wood around the characters and raised them to make a perfect Braille stencil.

PLAY MONEY

MARYSVILLE —(UP)— Bobbie and Edgar, small children of Edgar Gee, found a package of play money in a vacant lot near their home. The "money" proved to be stolen bonds of Wilson McRae, and worth $400

NO CORNERSTONE, NO TALK

SACRAMENTO, May 25—(UP)—"Cornerstone orators" won a smashing victory here recently.

When the new Kit Carson junior high school was completed and all was set for the dedication ceremony it was discovered the contractor had failed to leave a vacant space in which to fit the cornerstone. The ceremony seemed doomed.

Informed of the sealed-up corners the board of education immediately got in touch with the erring contractor and workmen set about making a place to lay the cornerstone.

Bile Stagnates In Sluggish Livers and Makes Us Sick

Unless your liver furnishes plenty of fresh bile every day your food does not digest properly—it just ferments and decays in the bowels—constipation, gas, sour stomach, headaches, nervousness, etc., are the result.

Sargon Soft Mass Pills relieve the cause of this condition. They are not like any medicine you have ever taken (write for free literature describing their action and effects). Don't be misled. Calomel, salts, mineral waters, laxative pills, etc., have no effect on the liver. Sargon Soft Mass Pills contain the only two substances which will actually cause a sluggish liver to increase its production of bile.

Only 60 cents for a full 30-day treatment. At your druggist or write G. F. Willis, Inc., Atlanta, Ga.

ATTRACTIVE GROUP OF HOMES AT PINO ALTO

Mr. and Mrs. Byron S. Dome of Sacramento, spent last week end at Pino Alto, which is south east of Nevada City.

Last year this beautiful spot was chosen by Greer and Harrigan of Sacramento, purchased, cut up into lots and sold. In a few weeks last fall 10 new houses were built, some of them quite pretentious homes, while the group as a whole present an attractive colony. Among the larger ones are those of Elmer Larsen and Dr. Ross, the latters a large house with an immense fire place.

They are summer homes, occupied mostly by Sacramento people and this season it is expected that there will be a number more decide to build on this beautiful south western slope among the the pines where a magnificent view can be had of the surrounding territory and even the lights of Grass Valley are seen at night.

The little cottage, built by contractor John Bertelsen, up on the Tahoe-Ukiah highway north east of Nevada City, for Mr .and Mrs. Robert Ewing is completed and a load of furniture was hauled by truck to the house Friday evening.

Mr. and Mrs. Ewing, who moved to Grass Valley last winter on account of shortage of houses here, are expected to move into their new home this week.

CHECKERS BY RADIO

TURLOCK —(UP)— Distance is no disadvantage to Edward Cornell of Turlock and Clarence Marsh of Modesto when it comes to playing checkers. The boys, both licensed ameteur radio operators, play the game by means of radio communication.

NORTH SAN JUAN

Mrs. F. M. HARRIS

NORTH SAN JUAN, May 22,—Most of the town witnessed the passing of the Caravan of the Native Sons through this place on Wednesday.

More than 150 cars were in the line which took quite a time to pass. Many of the tourists called hearty greetings to the school children and others and seemed to be in the best of spirits even on their return trip and evidently their pleasure was not dampened by the heavy downpour of rain.

W. C. Walker and Charles Emis made a business trip to Alleghany on Tuesday.

Mrs. Woodell was a visitor in Sacramento last week.

Mr. and Mrs. Lyser and daughter Betty motored to Berkeley on Tuesday. Mrs. Lyser and Betty stayed to visit Mr. and Mrs. Charles Lyser and get acquainted with the new little granddaughter, Herbert Lyser returned with his father to spend some of his vacation at the San Juan mine.

The Ladies Aid met on Thursday and gave a spring house cleaning to the church and parsonage. A business and social meeting was held in the afternoon.

W. P. Clerkin moved his cattle up near Pike on Thursday. Two other droves of cattle have passed through town the last few days, enroute to the mountains .

Miss Lorraine Andrews of Grass Valley is visiting Mr. and Mrs. C. H. Jones of Sweetland.

Mr. George Cook who has spent the winter in Sweetland, has returned to his home here in town.

Oroville Ennis is camping on Oregon Creek in Celestial Valley, where he and a compainion are working a mine.

Mr. Odin and friends left Saturday for their home in Reno.

Raymond and Freddie Phelan of Oakland visited their mother, Mrs. E. R. Field of Sweetland recently.

Mr. Carrol of Seattle spent the week end with Mr. and Mrs. R. W. Kerr.

The San Juan school closed on Monday with a picnic, which owing to the uncertain weather, was held at the school. A number of parents and friends attended and a very enjoyable time was spent. At noon a lunch including sandwiches, salad, strawberry short cake, cake and ice cream was enjoyed by all.

Miss Baylis left Monday for Nevada City, enroute to Berkeley.

Merle Butz the only eighth grade pupil in school, passed the examinations with fine marks.

The superintendent of the M. E. church of the Sacramento district, Mr. Hamilton, held his semi-annual conference at the church Monday a. m.

After a short business meeting in which the board of trustees and other officers were re-elected, the sermon was preached by Mr. Langdon, who was a former pastor at Nevada City.

The Rev. and Mrs. Buckner accompanied the minister from Nevada City and afterwards drove them to Downieville where they held an evening service.

At noon the Ladies Aid served a luncheon in the parsonage to the visitors.

COUNTY PAYMENTS TO STATE MUST BE CASH

SACRAMENTO, May 25—(UP)—Financially embarrassed counties won't be allowed to meet their obligations to the state with registered warrants.

This opinion was handed down by Attorney General U. S. Webb at the instance of the state controller's office, where county payments are made of inheritance taxes and other moneys due the state.

Counties should remit such cash as is on hand, the attorney general ruled, and defer settlement of the balance until sufficient funds are collected to meet the obligation.

Personal

Chester Scheemer of the Plaza Grocery has been away during the week on a business trip to Sacramento and San Francisco.

Mr. and Mrs. Harry Cook of Merced spent last week end with her parents, Mr. and Mrs. Gomer Hopkins of Gold Flat.

William Gracey, clerk of Tahoe National forest service, was a Sacramento business visitor Thursday.

District Attorney W. E. Wright has recovered from a recent attack of acute indigestion.

Sheriff George R. Carter is about again after a sick spell early in the week.

J. P. Harrington, who called at the Nugget office this week, has just located some claims on Indian Creek, in Plum Valley. He stated there were quite a number of prospectors on the streams, but for the most part the water was a little too high yet for them to work the gravel.

Don Carlos Billick, Nevada City assayer, has some beautiful specimens of ore taken from the Premier Grass Valley Gold Mines, Inc., or the old Goforth property, south of the Empress mine in the Newtown section. Some of this ore assays $29 a ton.

Mrs. Walter L. Mobley is spending a few days visiting friends in Roseville.

SOCIAL EVENTS

N. D. G. W. to Entertain Grand Official

Tonight, Friday evening, the Past Presidents Association of N. D. G. W. are entertaining Grand Chief Mrs. Halter of San Francisco.

A Dutch treat dinner will be served at 6:30 at the Bret Harte Inn. All members are urged to be present in order to meet Mrs. Halter before the meeting.

They will meet in the Episcopal parish house. After the business meeting has adjourned a social time will be enjoyed in games with refreshments to be served at the close of the evening.

This is Grand Chief Mrs. Halter's offical visit to the Nevada City-Grass Valley Association number six.

Farewell Dinner For Wesley Davis

Mr. and Mrs. Will Davis of Willow Valley entertained Sunday at a delicious farewell dinner in honor of their son, Wesley, and wife and little son who are leaving Thursday for Nome, Alaska to enter the gold mining field in that territory. They will visit his sister and family at Seattle a week and leave June second by boat for Alaska.

Those present were: Mr. and Mrs. Gus Jones, Miss Elinore De Witt, Mr. and Mrs. Wesley Davis and son, of Sacramento, Judge Oscar E. Winburn and Mrs. Hilman of Grass Valley; Peter Stirling and Mr. and Mrs. Will Davis.

Bible Class Elects Officers for Year

The Methodist church bible class, held a social last evening from seven to eight o'clock, which was greatly enjoyed by its members.

Last Wednesday evening a fellowship supper was given by the Ladies Aid Society in the church parlors at six o'clock to which their husbands were invited.

Last week an eletcion of officers was held for the two circles of the Methodist church.

New officers elected were: Sunshine Circle, Mrs. George Gibson, president; Mrs. Will Johnston, vice president; Mrs. Helen Pharris, secretary-treasurer; for Priscilla Circle Mrs. Muriel Robbins, president; Mrs. Charles Eden, vice president; Jane Baker, secretary-treasurer; with Mrs. Bert Moody being elected as general aid president, and Mrs. C. R. Murchie, secretary-treasurer.

LELAND SMITH BUYS PROSPECT HILL HOME

Papers were signed this week deeding the Riley Williams property on Prospect Hill, owned by Mr. and Mrs. Conover, to Mr. and Mrs. Leland Smith.

Mr .and Mrs. Smith have lived here several years. He is one of the officials in the Tahoe National forest service, handling all grazing permits and has various other important duties. Mrs. Smith is popular in social circles and also takes an active interest in the Parent Teachers Association, of which she is secretary.

It is with pleasure that Nevada City welcomes this estimable family as new home owners.

They move from Nevada street to their new home about June first.

Mr. and Mrs. Burke to Make Their Home Here

Mr. and Mrs. W. Burke, who left Nevada City last fall to spend a short time in Sacramento, returned a few weeks ago to make their home in Nevada City.

Miss Jane Springer of Boulder St., had a nice new garage on hand, after selling her car that adjoined a neat store room, so it was decided to remodel it into a house and Mr. Burke has been quite busy making the change. When complete Mr. and Mrs. Burke will live in the new cottage.

Mr. and Mrs. Frank Ghidotti, prominent in the business life of Nevada City, are having many changes and additions made to the home they purchased on Nevada street about two years ago.

BANK OF AMER. SUSPENDS FARM FORECLOSURES

Suspension of mortage forclosures on farm property of every character throughout California was announced today by Bank of America.

Will F. Morrish, President, explained that the move was made in order to offer temporary relief to the farmer until legislation offering permanent relief becomes operative.

"President Roosevelt has requested that farm mortgage creditors refrain from bringing foreclosure proceedings until the farm mortgage bill becomes operative," said Mr. Morrish. "The Bank of America is meeting the request of the President and is going even farther in suspending foreclosure proceedings on all classes of real estate where the borrower is evidencing his good faith in attempting to work out his problem.

"The decision to withhold foreclosure proceedings during the present period of stress was reached not only through desire to conform to the President's program, but because of the conviction on the part of the bank's executive officers that the present uptrend in commodity prices will solve for many farmers the pressing problem of meeting their debt obligations.

"It has been estimated that recent advances in commodity prices added $15,000,000 to the value of the unsold portions of the 1932 crops in California. Should present prices hold ,and there is evidence that they may do better than that, California farmers would profit another $75,000,000 to $100,000,000 on 1933 crops over 1932 values.

"With improved prices for farm products in view, and with federal plans for refinancing farm mortgages pending, our institution is devoting its efforts to seeing the farmer through his immediate difficulties."

Mr. Morrish explained that the ruling of the bank in regard to mortgages goes farther in extending relief to the farmer than any legislation so far enacted.

BUDDY POPPIES SALE OPENS THIS MORNING

The annual sale of Buddy poppies, offered by the Banner Mountain Post Auxiliary of the Veterans of Foreign Wars, will open this morning and continue for two days. The sale of these poppies is for the benefit of ex-service men and their dependents, for the maintainance and expansion of the V. F. W. National Hom for widows and orphans, for special equipment for veterans hospitals and for military funerals for deceased ex-service men.
